## **GJJC Vision and Mission**

### **Vision**

*The GJJC envisions a state in which all youth and families are safe, healthy, educated, supported equitably, and provided opportunities to achieve their full potential.*

### **Mission**

*The GJJC strives to positively impact youth and families through a racial justice lens by promoting front-end reforms that prevent youth from becoming involved in the juvenile justice system. This will be accomplished through trauma and evidence-informed interventions that invest in families, schools, and diversion-focused community-based programs.*
