GJJC Vision and Mission

Vision

The GJJC envisions a state in which all youth and families are safe, healthy, educated, supported equitably, and provided opportunities to achieve their full potential.

Mission

The GJJC strives to positively impact youth and families through a racial justice lens by promoting front-end reforms that prevent youth from becoming involved in the juvenile justice system. This will be accomplished through trauma and evidence-informed interventions that invest in families, schools, and diversion-focused community-based programs.
